Eric,

Can you have Charlie package the (b)(5) slides that he already produced and forward them to CDR Mike Obermiller?

Thanks,
CO

Admiral - As we discussed last week, this morning I had the opportunity to brief CNO's JAG (CAPT Chris French) on NASNI AICUZ with N46B and N45 JAG. Overall, positive engagement. He now understands the issue and gave us the following advice on the brief:

- Develop a slide that addresses how (b)(5) . Also, show how the other services apply this criteria for consistency. (b)(5)

- On our slide (b)(5)

- His advice was to (b)(5)

We'll be following up with him when we make these changes. John Kliem is working them, as we speak.
